NetFest 2021 is a week of events selected and designed with the theme of ‘Celebrating, Connecting, Communicating’. Along side sessions filled with useful information this will provide an opportunity for networks to come together to discuss issues, exchange ideas and share solutions.

Details of each presentation and link to registration form:-

MONDAY 14th JUNE

What Networks Do: This session will explore the benefits of belonging to a network - Hilary Jones discusses the variety of networks, what they do and the key advantages of u3as coming together. We will hear from a variety of networks how they help and support each other with shared events and learning activities. Ian McCannah will talk about the future of networks within our organisation and there will be time to swap ideas with each other in breakout rooms.

WEDNESDAY 16th JUNE

- **Peer Support Networks: Derek Harwood discusses** What are Peer Support Groups (PSGs)? Does your Region or Network support them? How might you join one and what is the purpose of PSGs? As a committee member or holding a specific role in your u3a why might you stand to gain the most from being a part of a peer support group? Join us to discuss the answers to these questions and share experiences about this effective support tool for members.

- **Click and Save Scheme: Julie Travers to present** an overview of this scheme and take questions. The u3a Click and Save is a scheme which offers a rebate for u3a members when shopping with selected retailers. Members who register could see annual savings on a range of shops, supermarkets, restaurants, and services including big brands such as Sainsbury's, M&S and Costa Coffee.

THURSDAY 17th JUNE

- **Slow-Ways Project: Derek Harwood introduces the** Slow Ways initiative to create a national network of walking routes connecting all of Great Britain's towns and cities as well as thousands of villages. Using existing paths, ways, trails and roads, people can use Slow Ways routes to walk between neighbouring settlements and combine them to create longer distance trips. There are over 7,000 Slow Ways stretching for over 100,000km which need to be 'reviewed' and 'surveyed' and this is where u3as can play a part. Come and find out more about this national initiative.

- **Successful Networks:** Avis Furness presents on Successful Networks - Given that u3a Networks come in all shapes and sizes, how can we measure "success"? We will look at the experiences of different networks, large and small, discover how they have achieved their aims, how they have coped with the past year, and discuss new ideas for the future.
